EXTENSIONS AND CONVERSIONS

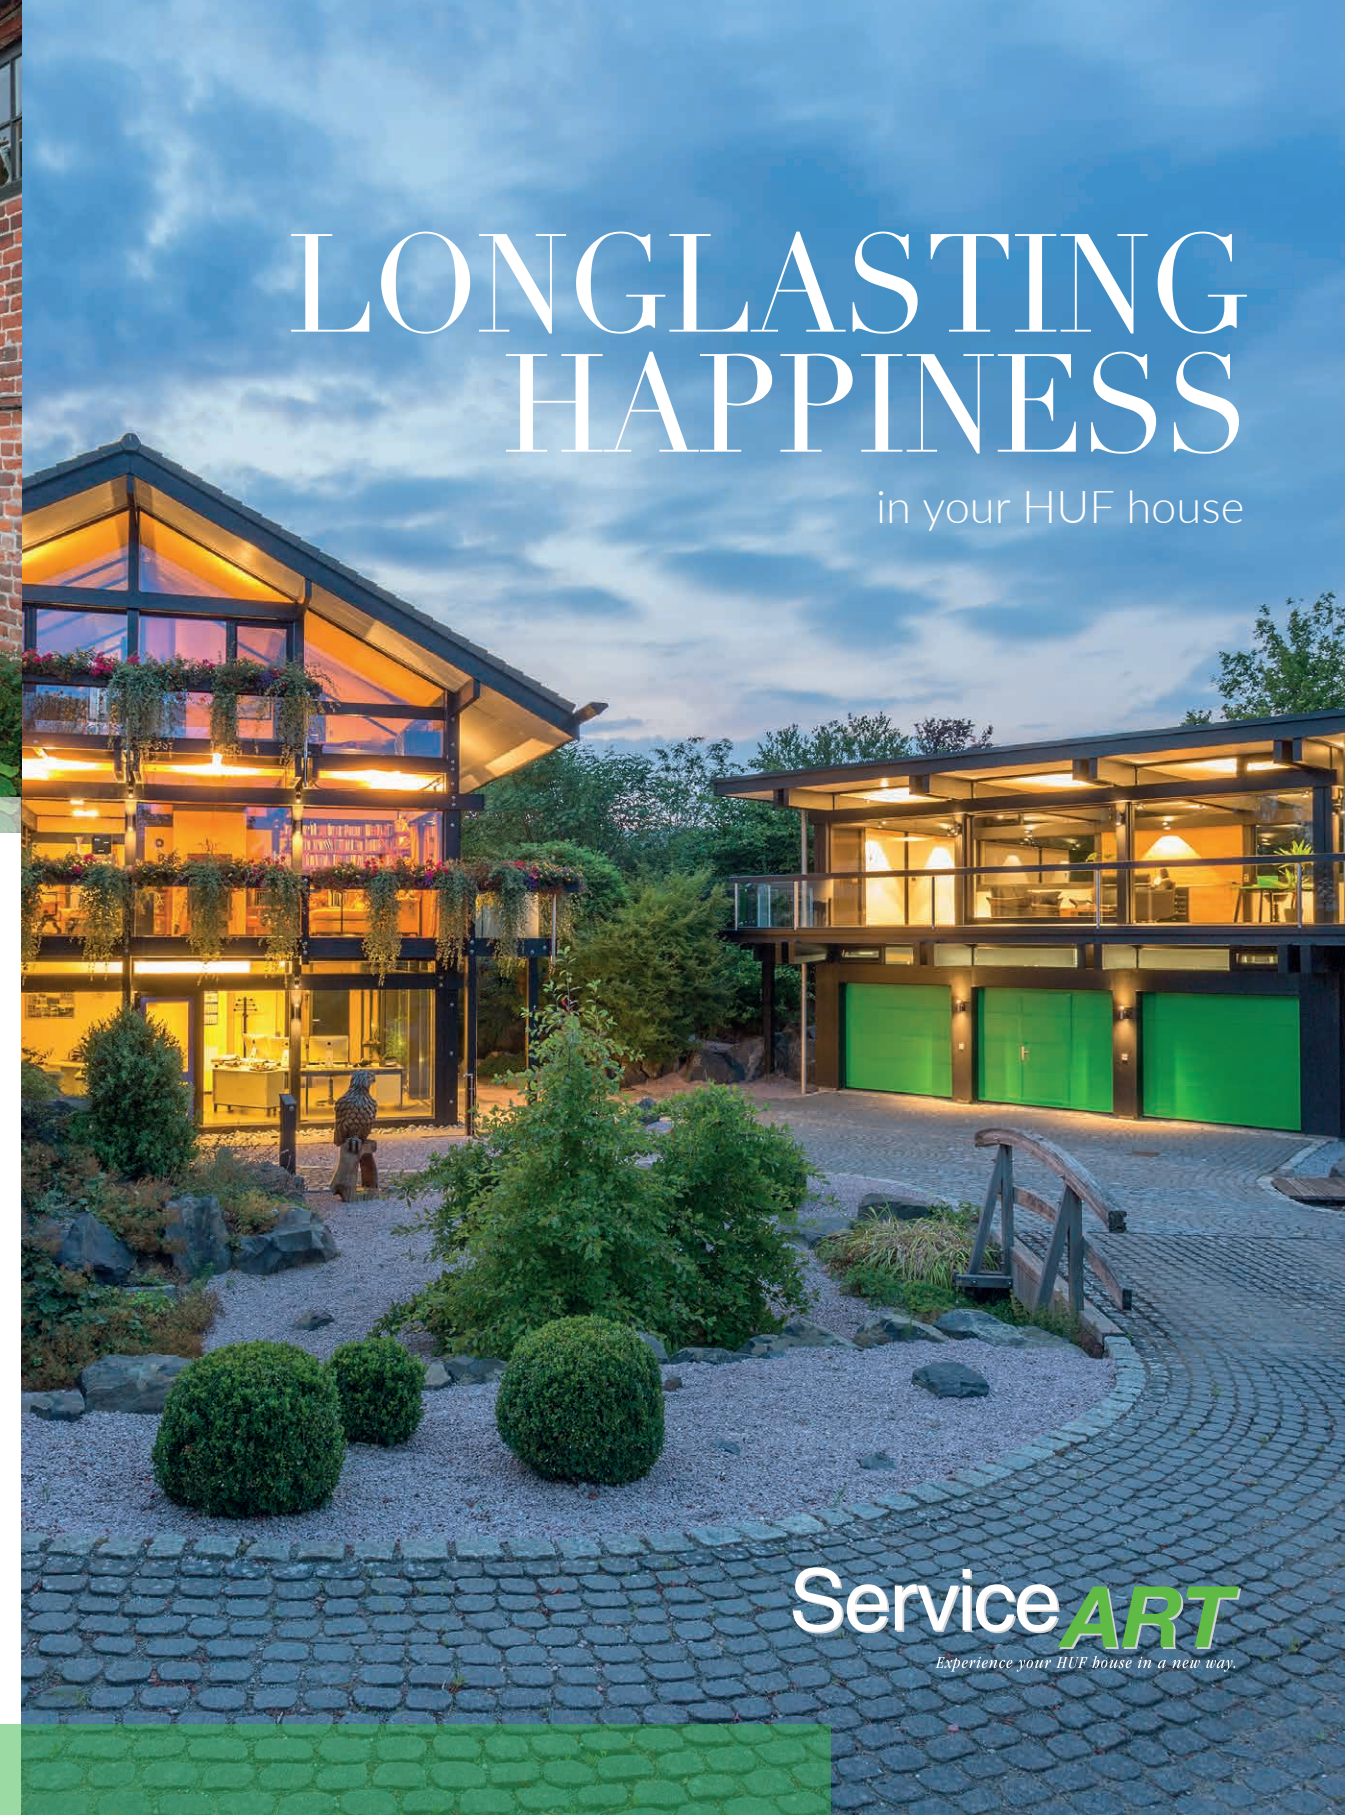

Life can be full of surprises, so when designing your home, it is prudent to allocate space for a future extension and accommodate the evolving needs of the home. The flexible, modular architecture of HUF HAUS effortlessly extends living spaces, seamlessly combining the old with the new for a unique, yet timeless, post-and-beam home. Home is the ultimate sanctuary, so making changes and adjustments helps breathe new life and vigour into our favourite place - especially after many years.

The experienced ServiceART Team offer full assistance in the adaption of your home, fulfilling your structural and interior design needs while advising and enlightening you on the many possibilities available.

There really is no place like your HUF HAUS home – let's create it together.

LONGLASTING HAPPINESS

in your HUF house

ServiceART
Experience your HUF house in a new way.

YOUR HUF HAUS FOREVER HOME

Moving into your home might be the final destination on your HUF HAUS build journey, but our door will always be open to you.

The completion of your dream home does not conclude our commitment to you – the greatest care and devotion goes into our Customer Care and Home Aftercare Management. We are committed to providing a dedicated service and maintaining strong relationships with every client, in every Home, forevermore. The following services highlight some of the many options available to ensure your dream home remains just that.

MODERNISATION

- Bath modernisation
- Floor coverings for contemporary living
- Exclusive room/furniture concepts
- Wellness areas

Retrofit blinds are fit without disruption and offer shading options to the whole home, with independent room control.

BEFORE

AFTER

If walls could talk this 'HUF IDEAL House Type 116 (a former HUF Design Concept) could transcribe a multi volume novel. Built over 40 years ago, the home has seen its fair share of family life and structurally grown to accommodate the families changing needs.

EXTENTIONS AND CONVERSIONS

- Extensions
- Penthouse extension/Dormer
- Garage and carport facilities
- Floor plan redesign
- Tiny House

ENERGY/TECHNOLOGY
